**Violation of Rationing Rules:**

1. **First Violation-** The customer will be notified by written notification of their specific violation.
2. **Second Violation-** The utility may install a flow restriction in the line to limit the amount of water which will pass through the meter in a 24 hour period. The cost to be charged to the customer's account will be the actual installed cost to the utility, not to exceed \$50.00
3. **Subsequent Violations-** the utility may terminate service at the meter for a period of (7) days, or until the end of the calendar month, whichever is LESS. The normal reconnect fee of \$25.00 will apply for restoration of service.

Thank you for your cooperation.
